Curriculum Manager Dashboard Starter Pack

This document will help you to get up and running with your Dashboard. After sharing a Quiz or a Lecture in Complete Anatomy, the platform automatically registers when a student participates in that content, and collects a digital record of their results. Simply log on to your online Curriculum Manager Dashboard to see these results visualized!

Tutorial Videos

All video tutorials are available on our website

www.3D4Medical.com

Getting Started

Login

To access the Dashboard copy the url

https://cb.3d4medical.com/dashboard/login

into your browser and login using your Complete Anatomy Curriculum Manager username and password.

Tip

Please login using one of the following browsers: Chrome, Safari or Firefox

Profile

Access and edit your account info, including your author bio in Profile. View your account information by selecting your profile avatar in the top-right corner, and choose **"View Profile"**.

Here you can edit your 3D4Medical account information which will update across all 3D4Medical applications.

Account info includes:

- > Your title
- > Your name
- > Your profile photo
- > Your password
- > Your bio
- > Your university
- > Your specialist areas

Homepage Graph

The results of the most recent Quiz or Lecture shared is displayed by default on the homepage graph. Choose "Change filters" to view results from another Quiz or to view Lecture attendance. Press "X" to clear your filters.

Tip

You must choose a Lecture or Quiz to display in the filters menu.

Quiz Results

Track the results of your Quizzes. Instantly see which questions your students are having difficulty with. Choose **"View Students"** to see all of the students who got a particular question correct or incorrect, as well as students who skipped the question.

D4MEDICAL

Export Quiz Results

Choose **"Download Results"** to export Quiz results for including in reports or your LMS. The spreadsheet provides a breakdown of all Quiz results, for you to sort as you wish.

Quiz Statistics Overview

Get a quick overview of the important information from your chosen Quiz. View the number of students who attempted the quiz, the average time it took to complete and the average score.

D4MEDICAL

Lecture Attendance

Track your students' digital attendance at Lectures and instantly see which topics they are having difficulty with. Choose "View Students" to see a list all of the students who fully attended, partially attended or didn't attend your Lecture.

Lecture Statistics Overview

View the number of students who attended a Lecture and the number of times they revisited that Lecture.

Recently Shared Content

Recap on which content you've most recently shared, and select them to see their results presented on the graph. See your full list of Shared Content by selecting "View All".

Student Progress

Identify students in need of extra help and intervene at the right time. Choose "View Record" for more details.

Understanding the markers:

Needs attention

Students who have an average quiz score of 39% and under.

! Good

Students who have an average quiz score of between 41-69%.

Excellent

Students who have an average of score of between 70-100%.

D4MEDICAL

Students

Students

By default this screen will display all the students who took the Quiz or attended the Lecture displayed on the homepage.

- Choose "Change Filters" to view students in a particular Group or choose a Lecture or Quiz to view results/attendance.
- Press the X button to clear the filters and view the full list of student progress.
